Mark 1:40-45 | April 12, 2020

This is the perfect time, while our circumstances have us experiencing "togetherness" in a whole new way, to dig into the Word with our families. We are providing these discussion questions to help get you started.

Discussion Questions:

1. What does it reveal about Jesus that He touched the leper when he healed him?
2. How do you tend to deal with situations you deem to be unfair? How is it unfair that Jesus took your punishment for your sin? What does this say about Him?
3. How does the leprous man's request set an example for us?
4. How does a changed life serve as an example to a lost world? Is a changed lifestyle enough to reach those far from God? How should words accompany our changed lifestyle?
5. Share a brief (no more than 3 minutes) story of how you came to faith in Christ along with what He's doing in your life right now.
